Would look forward to work in a challenging environment where I can implement my knowledge and learn new skills to build the opportunity provided and to contribute to the development of the organization.

PROFESSIONAL EXPERIENCE #1:

Willing to relocate to: Kochi, Kerala - Thiruvananthapuram, Kerala - Chennai, Tamil Nadu

Work Experience

Web Developer
Parveen Travels Pvt. Ltd - Chennai, Tamil Nadu
November 2019 to Present

Parcel Booking(current project):

We have multiple branches so want to know tracking of every day parcel booking. We are done with user authorization functionality. Each parcel calculated with distance, item quantity and weight. We are given the writing option admin only. Once parcel has booked TR station can generate the trip by using of random number and it will display in the booked station further it moved to HUB. All city have one HUB and all parcel moved from targeted destination. If it not arrived customer or branch can raise the complaint. Once it reached the Destination office randomly generate Inward number and delivery number.

Roles and Responsibilities:
• Managing Huge data so we are concentrate to increase the speed of app.
• Every requirement has discussed with Team Lead and getting approval from Head of the manager.
• Handling mysql with JOINING queries and AJAX method for getting statement for daily booking and daily delivery each branch.
• We are generating report CSV format and TPDF for generating PDF.
